I have worked with Tim Callihan and ***Spectrum Band*** many times and have always been pleased with their performance and customer service. Spectrum is a talented group of individuals who maintain high standards and make every effort to exceed the client's expectations. Their staff is friendly and follows the vendor guidelines and respects the venue property. Tim makes every effort to create positive relationships with the various St. Louis vendors and it is a pleasure to work with him and his talented staff.

Warmest Regards,
Rob Schaefer

ESB Entertainment

My entire experience working with Tim and ***Spectrum Band*** has been refreshingly professional. I have never (in my 35 years as a music biz pro) experienced any band leader that topped Tim's attention to detail, client communication, preparation, and quality of service.

Tim made my job easy by giving our client (and myself) comforting peace of mind. It was clear from start to finish that ***Spectrum Band*** would provide for all our client's needs and wishes.

To say "job well done" is an understatement!

Memories Are Forever Photography

I have worked with Tim and his band ***Spectrum*** for many years. Tim and his band Spectrum have always been very professional, and a fantastic band. ***Spectrum*** is the first band I recommend when I meet with clients. I always counsel my clients about the importance of hiring a good band because a band can make or break your wedding reception.

A wedding band must play a variety of music and keep the dance floor packed, ***Spectrum*** has accomplished this every time I worked them, I have been photographing weddings in the St. Louis area for over 30 years. Having been in the wedding business for so many years, my clients are all referral based, they respect my opinion when I refer other St. Louis vendors.

Joseph Photography, LLC

I recently had the pleasure of photographing a wedding reception where The Spectrum Band performed beautifully. Their musical talent was equaled only by their professionalism and upbeat attitude. I would gladly recommend them to any client seeking great music, and hope to work with them again soon.
